(New York, NY) - CIBC World Markets Corp. will hold its annual Miracle Day campaign on December 6, 2006. Miracle Day is an effort to raise awareness for children who are underserved, at-risk or in need and occurs on the first Wednesday in December each year. On Miracle Day, 95% of CIBC World Markets' net commissions from trades made through the firm that day will be donated to over 350 participating Miracle Day charities located throughout the United States.

"Through Miracle Day, and in partnership with our clients and employees, we continue to build awareness of children's issues and improve the quality of life for children in need in the areas we serve," says Charles Holmes, Managing Director of U.S. Equities and Chairman of the Miracle Day Committee. "Participating charities are active in the areas where CIBC World Markets has employees or clients and Miracle Day provides a direct connection to help in those local communities."

Over the past five years alone, CIBC World Markets Miracle Day has contributed more than \$57 million to U.S. charities that support children in need. Visit www.cibcwmmiracleday.com to learn more about CIBC World Markets Miracle Day.
