& a special recognition of Michael H. Zisser,
University Settlement CEO, on the eve of his retirement!

Ten years ago a state-of-the-art neighborhood center literally rose from the rubble at the corner of Bowery and Houston streets on the Lower East Side: the Houston Street Center. As University Settlement's first community center, the HSC was built as this fast-gentrifying neighborhood's "living room"... a place where good things could happen and everyone was welcome. Today, 20,000 community participants, 9,800 classes, and 23,000 hours of programs later, the Houston Street Center is embraced by the local community as a place of possibilities, hope and acceptance - a place to Live Fully Now.

Come celebrate with us at this 10th Anniversary kick-off party and help secure the next 10 years of community access at this LES gem!
