About University Settlement

University Settlement partners with 40,000 New Yorkers on the Lower East Side and in Brooklyn every year to build on their strengths as they achieve healthy, stable, and remarkable lives. For over 135 years, we've collaborated with our neighbors to pioneer highly effective programs that fight poverty and systemic inequality. Established in 1886 as the first Settlement House in the United States, we bring the values of that movement into

the 21st century by meeting New Yorkers where they live, listening deeply to all perspectives, engaging with every individual holistically, and creating space for people to organize. Joining together with our neighbors to advocate for justice and equality, we help build community strength.

We work with New Yorkers of all ages. We infuse a commitment to civic engagement, equity, and communal action into each of our programs, which include early childhood education, mental health and wellness, benefits assistance and eviction prevention, adult literacy and education, healthy aging, community and recreation centers, performing and visual arts, and youth development.
